bravoauto Approved Warranty – general information

Your questions answered

Where should I keep my document?

Always keep this document, and **your** bravoauto **validation certificate**, somewhere safe. **You** never know when **you** might need it.

When is my service due?

The **vehicle** must be serviced, in line with the terms set out on page 12, by a VAT-registered repairer, preferably at one of **our** dealerships.

What should I do if my vehicle breaks down?

If **your vehicle** breaks down, contact **our** customer support line on **0344 573 8053**. If **you** need help at the roadside, either because of a breakdown or an accident, please ring bravoauto Assist on **0344 573 8115**.

What if I break down and want to use my local repairer?

We recommend that **you** have **your vehicle** repaired at the dealership that supplied it or another of **our** repairers. This will mean that **we** can settle the cost of **your** repairs direct, without the need for another repairer to send their invoice to the claims **administrator**.

However, if **you** want to use **your** local repairer **you** must make sure that they follow **our** claims procedure as set out on page

14 and send their invoice, with any documents **we** ask **you** for to support **your** claim, to **us** at the following address. (They must give the claims number **we** give them.)

bravoauto Warranty Administration
Jubilee House
5 Mid Point Business Park
Thornbury

Please note: If **you** do not have **your** warranty repair carried out by a bravoauto or Inchcape dealer, **you** may have to pay for the repairs and then claim the cost back from **us** under **your** bravoauto Approved Warranty.

Can I transfer my bravoauto Approved Warranty and bravoauto Assist to a new owner?

If **you** sell **your vehicle** during the period of **your** warranty, **you** can transfer the benefits to the new owner, as long as:

- **you** sell the **vehicle** privately and not through a garage, motor trader, auction or similar company; and
- **we** agree to the transfer.

You will have to pay a £25 administration fee. If **we** don't agree to the transfer, **we** will return the administration fee.

See page 26 for the transfer form.

Mechanical or electrical breakdown is the failure of a **vehicle** part, causing it to suddenly stop working, for a reason other than wear and tear, normal deterioration or negligence. Damage caused by the **vehicle** overheating is not considered a **mechanical or electrical breakdown** under the terms of the warranty.

You are covered only for the parts described in this document. **Your** warranty does not cover more than the manufacturer's list price for parts.

There is no restriction to the number of claims **you** can make, but the combined total of all **your** claims cannot be more than the value of the **vehicle** at the time **you** bought it.

Repairs must not start before the administrator has approved them.

Your bravoauto Approved Warranty covers the following parts against **mechanical or electrical breakdown** (within the maximum claim limit and depending on the conditions set out in this warranty document). Please see the 'What is not covered' section on page 11 for the parts that are not covered.

bravoauto Approved Warranty – parts covered (continued)

We understand that the changing technology within motor vehicles can seem complex and confusing. **We** are committed to making sure that all of **our** customers feel comfortable with their **vehicle** warranties and are confident that **we** understand the changing technology and, most importantly, reflect that in **our** products. **We** are pleased to confirm that if **your vehicle** is fitted with any of the following parts, they are covered by **your** warranty.

Electric vehicles

We have added this section to cover the parts that are unique to plug-in hybrids, self-charging hybrids and full electric vehicles.

As well as the high level of cover listed throughout this warranty document, there are a number of unique parts in **your vehicle** that relate to the electric power, and some of the extra items covered under this warranty are listed below. These items may or may not be fitted to **your vehicle**, depending on the type of electric drive **you** have chosen (for example, full electric, hybrid or self-charging hybrid).

DC/DC converter: This device converts higher-voltage DC power from the traction battery pack to the lower-voltage DC power needed to run **your vehicle's** accessories and recharge the auxiliary battery.

Electric traction motor: Using power from the traction battery pack, this motor drives the vehicle's wheels. Some vehicles use motor generators that both drive the wheels and charge the battery.

Onboard charger: This device takes the incoming AC electricity supplied from the charge port and converts it to DC power for charging the traction battery. It also communicates with the charging equipment and monitors battery characteristics such as voltage, current, temperature and the level of charge while charging the pack.

bravoauto Approved Warranty – parts covered (continued)

Power electronics controller: This unit manages the flow of electrical energy provided by the traction battery, controlling the speed of the electric traction motor and the torque that it produces.

Thermal system (cooling): This system maintains the proper operating temperature range of the engine, electric motor, power electronics, and other parts.

Battery (all-electric auxiliary): In an electric-drive vehicle, the auxiliary battery provides electricity to power the vehicle's accessories.

Traction battery pack: This pack stores electricity for the electric traction motor.

Transmission (electric): The transmission transfers mechanical power from the electric traction motor to drive the wheels.

Electric generator: This generates electricity from the wheels while braking, transferring that energy back to the traction battery pack. Some vehicles use motor generators that both drive the wheels and charge the battery.

Charge port: The charge port allows the vehicle to connect to an external power supply in order to charge the traction battery pack.

Terms and exclusions for electric vehicles

Traction battery pack: A traction battery pack is made up of several battery modules that are mounted together in a frame. Each module is made of many cells mounted together.

The batteries in an electric vehicle undergo cycles of 'discharge' (the use of stored electrical energy when the vehicle is being driven) and 'charge' (when the vehicle is plugged in). Repeating this process over time affects the amount of charge the battery can hold. This decreases the range and time needed between each journey to charge.

While the manufacturer's warranty for the electric **vehicle** battery is in place, that will take precedence over this extended warranty if **you** need to claim for a sudden and unexpected failure.

Charging and discharging a battery will cause gradual deterioration of the battery over time. This warranty covers the main **vehicle** battery for sudden and unexpected failure to hold its charge effectively. Gradual battery deterioration is not covered by this warranty.

The **administrator** will decide the measurement method used to work out battery capacity, and whether to replace, repair or provide reconditioned or re-manufactured parts.

Charge port: External charging system parts, including the charge connector and cable, home charging dock and fast-charging port, photoelectric cells, mechanical or electrical failure caused by not maintaining or using the battery correctly, or

bravoauto Approved Warranty – parts covered (continued)

parts failing as a result of being overloaded, power surges or abnormal use.

Vehicles with leased batteries: Some makes of vehicle have a separate battery agreement that means the battery is supplied and maintained under a non-ownership 'battery lease' agreement which covers the cost of repairing or replacing the

battery. If **you** have one of these agreements in place, the traction battery pack is not covered.

Manufacturer guarantee on traction battery: This warranty does not cover **your** traction battery while it is still under the manufacturer's guarantee. Cover under this warranty will not start until the manufacturer's guarantee ends.

bravoauto Approved Warranty – terms and conditions

Warranty conditions

The conditions of this warranty are set out below. Please take time to read them. **We** will only cover repairs if **you** agree to these conditions.

- 1 It is **your** responsibility to decide whether to authorise a repairer to dismantle **your vehicle** or any covered part. The **administrator** will only accept the cost of dismantling if it is part of an authorised warranty repair.
- 2 The **administrator** is not liable for any statement, assurance or opinion which contradicts the conditions of this warranty unless they have agreed to this in writing.
- 3 **We** can choose whether to provide replacement parts and carry out repairs under this warranty or arrange for a third party to do this.
- 4 If **we** do not carry out the warranty repair, **we** will not pay more than the manufacturer's list prices for parts. For parts which can only be bought from outside the UK, **we** will pay the UK price of an equivalent part. For labour costs that are needed to repair those parts, **we** will pay the repairer's warranty labour rate and actual repair times will be limited to those in the latest Glass's Guide ICME manual or the manufacturer's recommended repair times. With every claim **you** make, **you** must provide a VAT receipt from the repairer authorised to carry out the repair.
- 5 If **you** do not have the **vehicle** serviced in line with the manufacturer's service schedule or maintain the **vehicle** as recommended by the manufacturer, this warranty will not apply to any fault that results from this. When **you** have **your vehicle** serviced, **you** are allowed 1,000 miles either side of the service mileage or four weeks either side of the time period given, whichever comes first. It is important that **you** keep **your** service receipts as they may be needed to validate any claim **you** make. Please note that if **you** do not have **your vehicle** serviced at one of **our** locations, it must be serviced by a VAT-registered repairer, unless the **administrator** has agreed otherwise.
- 6 This warranty is valid for breakdowns in the UK (which includes Great Britain and Northern Ireland), the Channel Islands and the Isle of Man. The warranty is also valid while **your vehicle** is outside the UK, but within the EU or the EFTA (European Free Trade Association), for up to 60 days a year.
- 7 **You** have the right to cancel this warranty within 14 days of receiving **your validation certificate**. Please contact **your** supplying dealer who will arrange the refund. **You** can still cancel **your** warranty after this period, but **you** will not receive a refund. **We** will not pay a refund if **you** have made a claim, regardless of when **you** cancel. Please note that if this warranty is provided free of charge, **we** will not pay a refund.
- 8 This warranty does not cover the following.
 - a Any **vehicle** where the speedometer or milometer has been interfered with, altered or disconnected

bravoauto Approved Warranty – terms and conditions (continued)

- b** Repairs, replacements or alterations not authorised by the **administrator**
 - c** Routine servicing or maintenance of a **vehicle**
 - d** Repairs to **vehicles** which have been modified after the warranty is sold, if that modification has contributed to the failure or has failed itself
 - e** Any **vehicle** used for hire or reward (such as taxis or courier, delivery or driving-school vehicles), any commercial **vehicle** with a gross vehicle weight of more than 3.5 tonnes, or a **vehicle** used in any sort of competition, including track days, rally or racing
 - f** **Vehicles** that are used to provide a public service (for example, police vehicles or ambulances)
 - g** Any liability for death, bodily injury, damage to property or loss caused directly or indirectly by the claim or event leading to a claim under this warranty (this exclusion does not apply to any death or bodily injury caused by the repairer or any of their agents being negligent)
 - h** Any damage which is due to any type of accident
 - i** Any damage which is a direct result of something **you** or anyone else (other than the repairer or their agents) has done or has failed to do
 - j** Any parts which are replaced as part of a normal service
 - k** Any damage to parts which are being recalled by the **vehicle's** manufacturer or which have design faults
 - l** Any failure caused by faults which a qualified engineer thinks could have existed before the warranty began
 - m** Any damage to parts caused by using the wrong fuel or contaminated fuel
 - n** Parts or repairs that are covered by any other warranty or insurance
- 9** This contract will be governed by and interpreted in line with the laws of England and Wales. Any disputes arising in relation to this warranty will be dealt with in the English courts.
- 10** Nothing in these conditions will reduce **your** legal rights relating to faulty or mis-described goods. For more information about **your** legal rights, contact **your** local trading standards department or citizens advice bureau.
- 11** The period of the warranty is shown in the **validation certificate**. If, for any reason, the standard manufacturer's warranty period does not apply, the start and end date of this warranty will still be as shown on the **validation certificate**. If this warranty starts earlier than the date shown on the **validation certificate** because the manufacturer's warranty has ended sooner than expected because of **your vehicle's** mileage, this warranty will end earlier than shown and reflect the warranty period bought or provided.

bravoauto Approved Warranty – how to claim

Take **your vehicle** to the bravoauto dealership where **you** bought it. After confirming that the warranty and repair request are valid, they will handle the repair on **your** behalf.

If **you** cannot take the **vehicle** back to the bravoauto dealership where **you** bought it, please use another bravoauto or Inchcape dealership that may be more convenient for **you**. (If **you** need help finding a more convenient bravoauto or Inchcape dealership, please contact the service department of the bravoauto dealership that supplied **your vehicle**.)

If it is not possible to use any bravoauto or Inchcape dealership, **you** can take **your vehicle** to another VAT-registered garage, give them the warranty document, and ask them to contact **our** warranty department on **0344 573 8053** with the following information before any work is started

- The fault
- The date the fault was first noticed
- The **vehicle** mileage
- Details of the parts that need to be replaced, and a full detailed estimate of parts and labour costs

Once the **administrator** authorises the repair, **our** warranty department will issue a claims number to the repairer. The local bravoauto repairer. The local bravoauto repairer will then handle the repair on **your** behalf.

In the unlikely event that a local bravoauto repairer cannot be found, and **you** have to use another repairer, contact **our** warranty department on **0344 573 8053** and ask them to provide the details listed in the four bullet points above. The repairer must then give **you** the claim number before starting the repair. They must also include the claim number on the invoice they give **you** for the repair. **You** will then need to claim back the cost of the authorised repair from the **administrator**.

If **your vehicle** breaks down outside the UK, the following conditions apply.

- a The repair must be carried out in a country that is a member of the EU or the EFTA (European Free Trade Association).
- b The **administrator** will not pay more than the equivalent UK rate for labour charges and manufacturer list prices for parts at the date of the repair.
- c **You** should authorise the repair work yourself and contact the **administrator** to claim back the cost when **you** return to the UK. The administrator's liability is up to any claim limit stated in this document.
- d Once the **administrator** has received a valid invoice they will repay **you** in pounds sterling at the rate of exchange that applied at the time of the repair.

Please make sure that the repairing dealer does the following.

- Makes a note of the warranty authority number issued by **our** warranty department

bravoauto Approved Warranty – how to claim (continued)

- Carries out the repair, then makes the invoice out to 'bravoauto' and sends the invoice, claim number and service receipts (if **we** have asked for these) to:
